SUNGRO SS #1 SOIL RSI

44-1

Mix #1 is one of Sun Gro's most versatile formulations that expert growers choose for the production of a wide variety of crops. It is based on the original "Cornell" mix. Formulated with Canadian sphagnum peat moss, coarse grade perlite, gypsum, dolomitic lime and long-lasting wetting agent. Highly recommended for cutting propagation, bedding and vegeta-

ble plants, hanging baskets, pot crops and seed germination.

VERMICULITE

When processed in special furnaces, the mineral exfoliates (or expands) in the accordion-like layered particles familiar to many as a part of soil-less growing mixes. The processed product is sterile, permanent, odorless and non-toxic. It has the highly desirable characteristic of being

lightweight and the capability of moisture and nutrient retention. The gold and light brown mineral is good for use in seed germination, rooting cuttings, outdoor transplanting as well as bulb and tuber storage. Also popular for use in square foot gardening. Also used as absorbent for spills or for packing and shipping applications.

ROUND HORT CLAY PELLETS

58-10204

round hort clay pellets 8-16mm 40 liter bag for hydroponic growing 42 per pallet

PERLITE

White perlite granules are the result of the expansion of combined water vaporizing in the crude mineral and forming enclosed air pockets. Because of the great quantity of air in these pockets, the product is very light and has excellent physical qualities for use in plant propagation. The physical properties of this product also further enhance its use in horticulture. It is inorganic, sterile, safe to handle and has no odor. For use in seed starting, as a rooting medium, soil amendment and as a golf green amendment. Also used in many hydroponic production systems to grow tomatoes, peppers, strawberries or other crops.

#44-0054

—30 per pallet 4 CU FT

CALCINED CLAYS AND COARSE AMENDMENTS FOR SOIL MIXES

TURFACE MVP

#44-0048

Calcined clay soil amendment. Clay particles cooked to over 1200 degrees, often used in golf greens, baseball infields or athletic fields. Also works good as a soil additive to allow lots of air movement and high cation exchange for slow release of applied fertilizers. Works great in green roof landscape applications.

—50 lb. bag 40 per pallet

APPAS “OKIE” CALCINED CLAY

44-01

3/16” to 3/8” calcined clay pebbles. Larger clay particles than Turface. Great to mix in combination with Turface, use in cactus or bonsai soils or in soil mixes for large containers in interior or exterior landscapes. Works great in green roof landscaping applications 1 cu. ft.

#6 SIZE SAND BLAST SAND

44-06

Clean coarse sand for propagation use or to add to long term soil mixes

80 lb 42 per pallet

NATURAL COMPOSTS

HU-MORE PLANT & SOIL COMPOST

#44-4000

Recommended for blooming flowers and ornamentals, roses, irises, day lilies, azaleas, garden vegetables, tomatoes, peppers and general soil improvement for all that grows. Highest quality compost of alfalfa and very aged cattle manure.

—40 lb 50 per pallet

COARSE BACK TO NATURE

#44-0079

Incorporating cotton burr compost into the soil, regardless of soil conditions, can quickly rejuvenate soils that are low in organic matter. Cotton burr compost is an excellent soil amendment and mulch for your landscape and garden.

52 per pallet

MANURES

The freshest manures are the least expensive and most aromatic while the older manures that have been composted the longest are the most expensive but smell the least and feel like a very rich dark loam soil.

COMPOSTED CATTLE MANURE # 44-CATTLE

Composted Back to Nature Cattle Manure is 100% fully composted. It has been aerobically composted at temperatures approaching 160 degrees F for over four months. Low in moisture content and salts, this manure is nearly odor free. —sold as each —60 per 1 CU FT pallet

CHICKEN MANURE

44-CHICKEN

Composted Back to Nature Chicken Manure is 100% fully composted. It has been aerobically composted at temperatures approaching 160 degrees F for over four months. Low in moisture content and salts, this manure is nearly odor free. 50 per pallet 1 CU FT

TOPSOILS

TOP SOIL-OLDCASTLE # 44-4010

Back to the basics: this mineral-rich farm top soil is the perfect foundation for a productive garden, flower bed or lawn. This is rich loam top soil packaged from farmland with no additives. —40 lb. 65 per pallet

LONG FIBERED SPHAGNUM MOSS

LONG FIBERED

SPHAGNUM # 44-0802

Mosser Lee Wisconsin sphagnum can be used to line hanging baskets, mix with soil, root bulbs and cuttings, airlayer plants and to keep roots moist and cool when transplanting. 6# poly bale. 2 CU FT
